OBJECTIVES OF A UNIVERSITY OF TECHNOLOGY

The goals and functions of universities of technology are unique. Universities of technology, being duly concerned about the country's need for human resources, have as their chief objective the provision of training and education at a tertiary level for the application of technology in the work situation. The primary functions of a university of technology can be summarised as follows:

A university of technology strives not only towards the promotion of knowledge and skills, but also, especially, towards the application of such knowledge and the development and releasing of means for the application of that knowledge in the training of manpower, emphasising the practical and the vocational. As a result of the rapid progress in the fields of technology and science, continuous interaction between vocational education and its practical application is absolutely essential. This is why a sound relationship is maintained between the various universities of technology, on the one hand, and between the universities of technology and commerce, industry and the government sector, on the other hand. Employers, businessmen and industrialists play an important role in the management and counselling structures of universities of technology.

It is the task of a university of technology to train students as thoroughly as possible in specific professions through combining study and practical work experience (cooperative education). The emphasis is on the practical application of knowledge and skills.

The formal side of vocational education is continuously being put to the test in the practical work situation. For this reason, the principle of cooperative education constantly receives attention. At a university of technology, students therefore alternate their studies with the application of their acquired knowledge and skills in the work situation.

A university of technology, being an educational institution, is also responsible for educating and forming students. The psychological, moral, cultural, social and physical development of the student is emphasised to enable him or her to take his or her place in the community as a well-equipped expert in his or her profession.

You are expected to enjoy your life as a student. You are, however, also expected to do this in a way worthy of the objectives of the Tshwane University of Technology.

As stated in **rule 1.3.3**, prospective students will not be admitted to any qualification without prior evaluation.

IMPORTANT INFORMATION, RULES AND REGULATIONS FOR STUDENTS

The rules in this section of the Prospectus are based on the decisions of the Senate and the Council of the Tshwane University of Technology (TUT), by virtue of the authority vested in them, in terms of the provisions of the Higher Education Act, 1997 (Act No. 101 of 1997), as amended, and the requirements set for national education programmes at tertiary institutions.

Except when explicitly otherwise indicated by the rules of an academic department, the general rules will apply to all the academic departments of the University.

Admission to all programmes at TUT is subject to evaluation.

The Council may enter into agreements with other tertiary institutions in order to offer certain qualifications and/or training that lead to certain qualifications. All rules pertaining to such agreements are contained in the rules of the academic department or departments concerned.

Modules/subjects and/or programmes will only be presented on a specific campus if, in the opinion of the head of the academic department concerned, a sufficient number of students have applied for admission to that module/subject or programme.

Applicants will be accepted only if the maximum number of students allowed for a particular qualification has not yet been reached.

The modules/subjects offered in a specific year or semester will be determined by the academic department concerned and may differ from year to year.

It is compulsory for students to acquaint themselves with all the rules and regulations and disciplinary committee rules of TUT that apply to them. It is of special importance for students to be fully conversant with those rules, regulations and directives that have a bearing on –

- registration;
- examinations and tests;
- the ban on the initiation of first-year students at TUT and the concomitant total prohibition of the welcoming of such students, barring other arrangements that may be made by the University authorities from time to time;
- the residences;
- traffic and parking arrangements;
- dress;
- the use and/or discharge of fireworks, missiles, firearms or explosives of any kind or description whatsoever;
- alcohol and drug abuse; and
- class and residence fees.

Ignorance of any rule, regulation or directive will not be accepted as an excuse.

The counter services of Academic Administration will be closed on Thursdays from 08:00 until 09:30, due to training sessions.

STUDENT REGULATIONS

Submission to rules

By signing an application form or accepting the rules and regulations during online (iEnabler) registration, a student submits him- or herself to the rules and regulations of TUT, and, by signing a registration form, a student affirms that he or she is familiar with all those rules and regulations, and that he or she will obey such rules and regulations.

A student's registration will be subject to the current rules and regulations, unless specifically stated otherwise.

Compliance with rules

All staff members will be jointly responsible for ensuring that students comply with the rules of TUT.

A disciplinary committee, appointed in terms of the Regulations for Student Discipline, will conduct disciplinary hearings.

Disciplinary steps in all student affairs will be taken in terms of the Regulations for Student Discipline.

1. UNDERGRADUATE ADMISSION REQUIREMENTS

Subject to the stipulations of the Higher Education Act, 1997 (Act No. 101 of 1997), the Council of the Tshwane University of Technology, in consultation with the Senate of TUT, will determine admission to the University.

All applications will be considered in respect of one campus only.

- (a) A person may, subject to **rule 1.1.1** or **rule 1.2.1**, be provisionally admitted to TUT for education and training if such person does not meet all the requirements as set out in **rule 1.1.1** or **rule 1.2.1**, and if –
 - (i) Such person lacks only one requirement: provided that the subjects passed in the National Senior Certificate examination, or an equivalent examination comply with the provisions of **rule 1.1.1** or **rule 1.2.1**: provided further that the subjects passed include subjects required for the proposed qualification; and

1.2 REQUIREMENTS FOR APPLICANTS WHO OBTAINED A NATIONAL SENIOR CERTIFICATE IN OR AFTER 2008

1.2.1 No person may be registered as a student at TUT to study for a qualification or a subdivision of a qualification, unless he or she has obtained a National Senior Certificate (NSC) with a minimum of 40% in the language of learning and teaching of the higher education institution, as certified by the Council for Quality Assurance in General and Further Education and Training (Umalusi):

- ii. Provided further that a prospective student be admitted if he or she has obtained the National Senior Certificate (NQF Level 4) with a minimum of six subjects, including English (home or first additional language with a minimum score of 3), Mathematics (Technical Mathematics) or Mathematical Literacy (as per specific academic programme requirement) and the further subjects required by a specific academic programme (Life Orientation will not be included in the calculation of Admission Point Scores). The applications must meet the minimum requirements required to the national standard for the higher certificate, national higher certificate, national diploma, diploma (four subjects with a minimum score of 3) and bachelor's degrees (four subjects with a minimum score of 4). The phasing in of degree requirements for traditional baccalaureus technologiae degrees will be accommodated.

1.2.2 TUT requires English (home language or first additional language) with an achievement level of 3 (adequate performance) for the National Senior Certificate and a 4 (50 - 59%) for the National Certificate Vocational Level 4.

1.2.3 TUT requires Mathematics (or Technical Mathematics) or Mathematical Literacy for all academic programmes that require a prior knowledge of Mathematics.

1.2.6 The admissions policy will allow programme-specific scoring systems with a weighting of required and critical subjects (Admissions Point Score).

1.3 APPLICATION FOR ADMISSION

1.3.1 A prospective student shall apply on the required application form for admission to a qualification. A prospective student is regarded as someone wishing to study at TUT for the first time.

1.3.2 Application forms for admission to TUT are available on request from the Information offices at the different campuses.

1.3.3 No prospective student shall be permitted to study for any qualification without prior evaluation. The closing date for all applications, which should be submitted with the required administration fee, is 31 July of the preceding year of study in the case of year qualifications and qualifications commencing in the first semester. However, applications for some specialisation qualifications close on 15 June, as do all international applications. For qualifications commencing in the second semester, the closing date is 15 May of the proposed year of study.

Closing dates for applications for distance education students: 30 November for the January intake with a May examination and, if applicable, 15 May for the July intake with a November examination.

1.3.4 The application form should be accompanied by a certified copy of the applicant's National Senior Certificate or an equivalent qualification, as well as any other documents required for admission to the qualification for which he or she intends to enrol.

PLEASE NOTE:

- TUT shall accept as correct only the spelling and sequence of the student's surname and first names appearing on the document required for admission to TUT to study for his or her proposed certificate, diploma or degree.
- A married woman shall submit a certified copy of her marriage certificate (or divorce order, where applicable), should any of her certificates have been issued in her maiden name.

- Other names and/or spellings shall be accepted only on receipt of a certificate duly amended by the Department of Education or other institution that had issued it, or after receiving proof that the student's surname and/or first names have been officially changed. Such proof should be supplied or issued by the Department of Home Affairs or, where applicable, a similar body, and should indicate the student's date of birth, his or her former names and his or her present names. Sworn statements, birth certificates, passports and/or identity documents are **NOT** acceptable for this purpose.
- Prospective students who have obtained qualifications outside the Republic of South Africa are advised to contact the South African Qualifications Authority (SAQA) beforehand to have their qualifications evaluated.
- Prospective students who have obtained their qualifications from a recognised private schooling system in South Africa may apply to the Office of the Registrar for admission via a Senate discretionary route as an interim arrangement until full accreditation is achieved by such schools. The Registrar will consider conditional admission and submit a list of conditionally accepted candidates for Senate approval.
- A statement of symbols will be accepted provisionally until a certified copy of the original National Senior Certificate is handed in.

1.3.5 If an applicant's previous registration had been at any other tertiary educational institution where he or she discontinued his or her studies before obtaining the degree or diploma he or she had been registered for, he or she has to submit, as soon as possible, an original academic record and a certificate of good conduct issued by the registrar of that institution.

1.3.6 If the applicant had previously been registered at more than one tertiary educational institution, he or she has to obtain the documents referred to in **rule 1.3.5** from each of those institutions, where applicable. Please note that TUT will keep those original documents and that they will not be returned to the applicant.

1.4 PROVISIONAL ADMISSION IN RESPECT OF WORK EXPERIENCE, AGE AND MATURITY

1.4.1 A person may also, subject to **rule 1.1.1** or **rule 1.2.1**, be provisionally admitted if such a person is in possession of a National Senior Certificate, Senior Certificate or an equivalent certificate, but lacks more than one requirement for admission, provided that –

- (a) such a person should have reached the age of 23 before the date of registration and should have at least three (3) years of work experience and proven ability relating to the proposed field of study; and
- (b) the TUT Council is satisfied that the standard of such a person's communication skills, his or her ability to study successfully and his or her work experience are such that he or she will be able to complete the proposed qualification successfully.

1.4.2 A person who has been admitted in respect of work experience, age and maturity, shall be admitted to the second semester or year only if his or her academic achievement in the first semester or year of study has been to the satisfaction of the Council.

1.4.3 A person who is admitted to the second semester or year of study shall be regarded as having met the minimum requirements for admission to studies at TUT.

1.4.4 Recognition of Prior Learning (RPL), equivalence and status - refer to Chapter 30.

1.5

REQUIREMENTS FOR APPLICANTS WHO OBTAINED A NATIONAL CERTIFICATE (VOCATIONAL) LEVEL 4

No person may be registered as a student at TUT to study for a qualification or a subdivision of a qualification unless he or she has obtained a National Certificate (Vocational) (Level 4) (NC(V) Level 4) with a minimum of 50% in the language of learning and teaching of the higher education institution, as certified by the Council for Quality Assurance in General and Further Education and Training (Umalusi):

- i. Provided that the subjects passed for the National Certificate (Vocational) (NC(V) at NQF Level 4) or a certificate contemplated in the said rule are subjects passed on the required levels; and

The three (3) fundamental subjects are English (first additional language), Mathematics or Mathematical Literacy and Life Orientation.

1.6

REQUIREMENTS FOR SENIOR STUDENTS FROM OTHER UNIVERSITIES

1.6.1

Applicants will be considered if:

- i. They have an endorsed national senior certificate for a programme at the same level as the programme that they are applying for; and
- ii. They have demonstrated competence during their first level of study at the other higher education institution they are transferring from. Competence is determined at the discretion of Senate. Senate discretionary admission should only apply in instances where applicants who, in the opinion of Senate have demonstrated, in the approved selection process, that they are suitable for admission to programmes for which they have the required endorsement. All Senate discretionary admissions should be approved by Senate or a committee with delegated authority or powers to consider such admissions on behalf of Senate. The following guideline shall apply:
 - (i) The applicant should have passed the national senior certificate with an endorsement of a bachelor's degree or diploma or a higher certificate.
 - (ii) The applicant should have completed at least the full first year of study of the qualification he or she wishes to register for.
 - (iii) For applicants who have completed more than 50% of their qualification at another university, the 50% exemption rule is still applicable.

(iv) The Executive Committee of the Faculty Board concerned will be competent to apply this rule with Senate's ratification.

1.6.2 The other option is RPL. Please refer to Chapter 30 for the process.

1.7 ARTICULATION FROM NATED NATIONAL DIPLOMAS INTO HEQSF DIPLOMAS

1.7.1 Applicants will be considered if:

- i. They have an endorsed National Senior Certificate for a programme at the same level as the programme that they are applying for; and
- ii. They have demonstrated competence during their first level of study in the Nated National Diploma. Competence is determined at the discretion of Senate. Senate discretionary admission should only apply in instances where applicants who, in the opinion of Senate have demonstrated in the approved selection process that they are suitable for admission to programmes for which they have the required endorsement. All Senate discretionary admissions should be approved by Senate, or a committee with delegated authority or powers to consider such admissions on behalf of Senate.

1.8 CHANGING OF INFORMATION

1.8.1 Should a student's contact details such as postal address or telephone number(s), etc. change, he or she has to notify the Admissions Office in writing.

1.8.2 TUT accepts no responsibility for any incorrect information in respect of admission requirements supplied by anyone who has not been authorised to supply such information. All enquiries should be directed to the Admissions Office.

CHAPTER 2

EXCLUSION

The purpose of exclusion is due to the following reasons:

- (a) **To increase access**
The Department of Higher Education and Training's (DHET) enrolment plan caps the number of funded full-time equivalent students enrolled at public tertiary institutions. Poor performing students, therefore, deny space to new entrants, straining access to the University.
- (b) **For financial viability**
Poor performing students hamper throughput. A lower success rate has implicit reputational risks and diminishes earnings from teaching output units.
- (c) **To sustain academic reputation**
If poor performing students are allowed to stay in the system, there will be a constant growth in student numbers which -
 - cannot be accommodated in laboratories and other facilities already overburdened;
 - compromise the quality of the teaching and learning of all other students; and
 - negatively impact on the accreditation of qualifications by professional and other accreditation bodies.

2.1 DEFINITIONS

In this chapter, unless otherwise indicated –

2.1.1 **"academic exclusion"** refers to readmission refusal from a specific qualification, department or faculty for a set period of time due to the student's failure to comply with the minimum progress requirements as described in this chapter. The exclusion may be in the form of:

- Exclusion from a specific academic qualification, in which case the student may be eligible for admission in another academic qualification within the same department, faculty or in another faculty at TUT.
- Exclusion from the faculty, in which case the student may be eligible to be admitted in another academic qualification in another faculty at TUT. Such candidates may be referred to the Student Development and Support for career counselling and will need to meet the admission requirements for the alternative academic qualification selected.

2.1.2 **"academic exclusion criteria"** refers to the specific criteria (norms) applied in determining whether a student should be excluded from further participation in the qualification.

2.1.3 **"academic intervention"** refers to any programme, supportive or developmental action before exclusion takes place, either prescribed (compulsory) or recommended (voluntary) by the department or faculty. Such interventions can also be prescribed or recommended by the Student Development and Support on behalf of the department or faculty. Academic interventions may take place before exclusion or as an exclusion or probation condition.

2.1.4 **"academic performance"** is the relative success or failure of a student to comply with the requirements of the academic qualification for which he or she is registered, within the limited time prescribed for the qualification.

2.1.5 **"academic probation"** refers to the conditional grace period in the exclusion process which provides the student the opportunity, through specific conditions and interventions, to comply with the academic performance requirements, in order to avoid final exclusion.

2.1.6 **"academic qualification(s)"** refers to learning programmes that lead to qualifications described in the various parts of the official Prospectus of the University. For the purpose of this chapter, qualifications are divided into two groups:

- All undergraduate and postgraduate qualifications that are based on the accumulation of credits and have a clearly defined structure based on modules/subjects to be passed before the qualification can be awarded (this includes structured master's degrees).
- Research-based postgraduate master's and doctoral degrees.

2.1.7 **"condition of re-admission"** refers to the stipulations set by the Faculty Academic Exclusions Appeals Committee (FAEAC) for the re-admission of a student. This may include referral for academic intervention, career counselling, performance level requirement, limited subject load or any relevant condition that will be recorded and communicated to the student after/during the meeting.

2.1.8 **"re-admission to studies"** refers to the specified scenarios where students who appealed and are granted permission by the Faculty Academic Exclusions Appeals Committee (FAEAC) to register for the next academic term or who after a period of two years are granted permission by the Head of the Department to register.

2.1.9 **"student"** refers to any student registered in previous academic periods with TUT for any of the University's official modes of delivery.

2.1.10 **"TUT Student Tracking System (TUT-STS)"** refers to an integrated University monitoring system that provides a facility to regularly calculate and monitor student progress.

The Departmental Academic Exclusions Appeals Committee evaluates all appeal applications, collates relevant documentation and provides additional supporting evidence (e.g. class attendance, behavioural record, specific contextual factors) where relevant when making a recommendation on an exclusion appeal. The recommendations of the Departmental Academic Exclusions Appeals Committee will be approved by the Faculty Academic Exclusions Appeals Committee.

2.3.2 The Distant Campus Academic Appeals Committee evaluates all appeal applications, collates relevant documentation and provides additional supporting evidence (e.g. class attendance, behavioural record, specific contextual factors) where relevant when making a recommendation on an exclusion appeal. The recommendations of the Distant Campus Academic Appeals Committee will be approved by the Faculty Academic Exclusions Appeals Committee.

2.3.3 The Faculty Academic Exclusions Appeals Committee reviews and monitors the Departmental Academic Exclusions Appeals Committee and Distant Campus Academic Appeals Committee recommendations and makes a final ruling on all the academic exclusions or appeal thereof by a student. Decisions of this committee are considered final and to be implemented by the University.

2.3.4 The Faculty Postgraduate Exclusions Appeals Committee reviews and monitors recommendations of departments (supervisors) and makes a final ruling on all academic exclusions of research-based master's and doctoral degree students. Decisions of this committee are considered final and to be implemented by the University.

2.4 RULES FOR STUDENTS REGISTERED FOR UNDERGRADUATE AND SPECIFIED POST-GRADUATE QUALIFICATIONS (see rule 2.1.6(a))

2.4.1 General rules and principles
The following general rules and principles must be observed:

2.4.1.1 Documented records of poor class and/or tutorial attendance may be used as evidence during an exclusion meeting.

2.4.1.2 The guiding principle is that a full-time student is allowed twice the minimum duration of a qualification. For example, a maximum of six (6) years to complete a three-year qualification, two (2) years for a one-year qualification, and eight (8) years for a four-year qualification.

2.4.1.3 Evening-class, part-time, block or distant education students, and students who annually register for fewer than the required number of modules/subjects, and who submit valid reasons, will be considered for a proportionally extended time period in order to complete the qualification.

2.4.1.4 This chapter enables TUT to, where possible, identify and refer students for various interventions to improve their academic performance in order to avoid exclusion.

2.4.1.5 Students may submit an appeal on the prescribed appeal application form to the Departmental Academic Exclusions Appeals Committee providing complete evidence of aspects to be considered for re-admission. The Departmental Academic Exclusions Appeals Committee will make a recommendation based on the portfolio of evidence available and this may include records of interventions attended at the Directorate of Student Development and Support.

2.4.1.6 The Departmental Academic Exclusions Appeals Committee will prepare a complete record of appeal applications and recommendations. This is to be recorded on the prescribed template provided by the Registrar's Office and submitted to the Faculty Academic Exclusions Appeals Committee for ratification.

2.4.1.7 Both the Departmental Academic Exclusions Appeals Committee and the Faculty Academic Exclusions Appeals Committee will utilise the guidelines for special considerations and extenuating circumstances (see rule 2.6).

2.4.1.8 The Faculty Academic Exclusions Appeals Committee will make a final decision, record it in the prescribed format and submit decisions to the Directorate of Student Development and Support and the Registrar's Office.

Please note that these decisions are final and no further appeal, whether on departmental, faculty or institutional level will be considered.

2.4.1.9 The Registrar's Office will officially communicate the outcome to the student and the academic department will provide written feedback to re-admitted students, clearly stipulating all conditions.

2.4.1.10 Students who change from one qualification to another in a different faculty will have the same maximum time as other first-time entering students in the same qualification. If the student registers for a different qualification in the same faculty, the maximum period will be decreased proportionally with the time required to pass modules/subjects common to the two qualifications.

2.4.1.11 A single uniform exclusion approach, with standard operating procedures and guidelines, shall be applied throughout the institution by all faculties and learning sites of TUT.

2.4.1.12 Students who are excluded may apply for readmission after a period of one (1) year.

2.4.1.13 Applications for readmission of students received before the end of the one-year exclusion period will only be considered by the Departmental Academic Exclusions Appeals Committee and Faculty Academic Exclusions Appeals Committee if proof of academic success/development can be provided.

2.4.1.14 Closing dates for appeals, according to the academic core calendar, will be strictly applied. If a student has neglected to appeal on time, such appeals will only be considered during the appeal process of the next academic term.

2.4.2 SPECIFIC RULES FOR THE ADMINISTRATION OF PROBATION AND EXCLUSION-BASED DECISIONS

2.4.2.1 A student who achieves 50% or more of the maximum number of credits required after each year of study may proceed uninterrupted. The maximum number of credits for each year of study is specified in the faculty parts of the prospectuses.

2.4.2.2 A student who achieves more than 30% (this percentage will gradually increase after the second year – see tables 1 - 4) but less than 50% of the maximum number of credits (as listed in the faculty Prospectus) for the specified period of study will be placed on academic probation. Students on probation are informed by the academic department in writing and are referred to Student Development and Support for counselling and/or academic interventions. The Department may further set compulsory conditions for the student to continue with his or her academic qualification. It is highly recommended that faculties monitor the process, specifically for first-year students, after one (1) semester and introduce academic interventions where feasible to avoid probation or even exclusion.

2.4.2.3 A student who has been previously placed on academic probation and achieves less than 30% (this percentage will gradually increase after the second year – see tables 1 - 4) of the maximum credits for the specific period is excluded from further study, but may appeal based on evidence of extenuating circumstances and proof of completed academic interventions recommended during the probation period if applicable.

2.4.2.4 A student, who has failed the same modules/subjects during two (2) different study periods, will be placed on probation. Failing that same module/subject(s) on a third attempt, will result in exclusion with the right to appeal.

2.4.2.5 A student who has previously been placed on probation, but will not be able to complete the remainder of the course in the maximum allowable time, even if taking a maximum load, will be excluded. The student may appeal based on evidence of extenuating circumstances and proof of completed academic interventions recommended during the probation period.

2.4.2.6 Faculty exclusion committees must compile a table for each qualification in their faculty based on percentages indicated in tables and for extended qualifications according to approved Report 151 and Higher Education Qualification Sub-Framework (HEQSF) qualification requirements.

2.4.2.7 Tables 1 - 4 below indicate the credits associated with pass, probation and exclusion.

*** Calculation formula:**

Credits as a percentage is calculated as a % of the maximum number of credits that could be achieved after the corresponding number of years of study. For example, the minimum credits to avoid probation for a Report 151 programme after three (3) years of study will be 50% of 3 multiplied by 1,00 (max per year) = 1,50. For a Higher Education Qualification Sub-Framework (HEQSF) programme the credits will be 50% of 3 multiplied by 120 (max per year) = 180.

TABLE 1: Credit weight requirements for a one (1) year qualification

2.5 GENERAL RULES AND PRINCIPLES FOR STUDENTS REGISTERED FOR RESEARCH-BASED POSTGRADUATE QUALIFICATIONS (see rule 2.1.6(b))

- 2.5.1 Academic probation is not applicable to postgraduate students.
- 2.5.2 The period of study allowed for a research master's degree is a minimum of one (1) and a maximum of three (3) years.
- 2.5.3 The period of study for a doctoral degree is a minimum of two (2) and a maximum of five (5) academic years.
- 2.5.4 A student who has already been registered for the maximum number of years and who has not yet completed his or her studies will only be re-admitted after a successful appeal against his or her exclusion.
- 2.5.5 The student needs to submit his or her appeal on the prescribed template to his or her research supervisor.
- 2.5.6 The supervisor, in consultation with the Head of the Department compiles a recommendation for the Faculty Postgraduate Exclusions Appeals Committee for consideration of re-admission. The committee will consider the application based on the reasons provided by the student, past progress and the possibility that the student will complete the qualification by the end of the following year.
- 2.5.7 The study period can be extended for a maximum period of one (1) year. However, students may appeal again for further extension.
- 2.5.8 There will be no official closing date to submit appeals, however, a student must appeal within fourteen days after he or she has been notified of his or her exclusion.

2.6 EXTENUATING CIRCUMSTANCES AND SPECIAL CONSIDERATIONS

The exclusion committees may consider the following extenuating circumstances for relaxing the minimum credit weight required (where applicable, the applicant should provide circumstantial evidence):

- 2.6.1 International/national sport or cultural engagement. The level and frequency of engagement should be verified in writing by the Director of Sport and Recreation or the Director of Student Governance and Leadership Development.
- 2.6.2 A low pass rate in a particular module/subject.
- 2.6.3 General academic record/history of the applicant.
- 2.6.4 Lecturer evaluation and reports.
- 2.6.5 Incidents of physical health, as substantiated by original copies of medical certificates and/or reports.
- 2.6.6 Incidents of psychological health. A proper diagnosis, substantiated by original and appropriate medical and psychological reports, or verified in writing by the Campus Head, Academic Department or the Directorate of Student Development and Support, should be included.
- 2.6.7 Death in the immediate family (parents, guardians, siblings), substantiated by death certificates. An unabridged birth certificate should be provided when surnames differ.
- 2.6.8 Applicants are required to submit evidence to the department within two (2) weeks of the incident, or within two (2) weeks of returning to campus.

CHAPTER 3

REGISTRATION OF STUDENTS

Please note:

Students who have not yet submitted a certified copy of their National Senior Certificate (Grade 12) or equivalent qualification, or a certified copy of the symbols they obtained for either qualification, should do so prior to registration or on registration.

DEFINITIONS

In this chapter, unless otherwise indicated –

- (a) A “**full-time student**” is a student whose main activity during the day is the full-time attendance of classes according to a formal class attendance timetable. Work-Integrated Learning (WIL) may form part of the programme requirements.
- (b) A “**part-time student**” is a student whose main daily activity is not the full-time attendance of classes, but who attends classes in the evenings according to an alternative class timetable. The duration of the curriculum could extend past the minimum duration prescribed for a full-time student. WIL may form part of the programme requirements.
- (c) A “**block-mode student**” refers to a student who attends classes as one of a designated group of students for a continuous period of one to eight weeks according to an alternative class timetable. Classes may also be offered on Saturdays, and block programmes can be offered on campus or at an approved off-campus site. WIL may form part of the programme requirements.

3.1 FORMAL INSTRUCTION

- 3.1.1 Students must register for each academic term (annually, in the case of year programmes, and each semester, in the case of semester programmes) in the set registration periods, and they must pay the required initial fees. Students will not be permitted to register after the final date of registration. After the closing date for registration, disciplinary steps will be taken against students who attend classes before they have been officially registered, and they will be subject to a fine.

3.1.2 If, on registration, a student is unable to submit certified copies of the documentary proof that all the admission requirements have been met, he or she may register conditionally: provided that, if TUT does not receive the documents concerned before 30 April (in the case of first-semester and year students) or before 31 August (in the case of second-semester students), the student's registration for the academic term concerned be cancelled immediately and any fees paid be forfeited.

3.1.3 In cases where TUT receives the above documents before 30 April or 31 August, but after the student has registered, and it is subsequently found that the student was not entitled to register for the programme concerned, his or her registration for the academic term concerned shall be cancelled immediately and any fees paid shall be forfeited.

3.1.4 Registration as a student is valid for one (1) academic year only in the case of year programmes and for one (1) semester only in the case of semester programmes. This also applies to WIL.

3.1.5 On his or her signing of the registration form or acceptance of the electronic declaration in respect of an academic term, a student declares him- or herself fully conversant with the rules of TUT, and he or she undertakes to observe, strictly, all the rules of TUT. If he or she is a minor but is not being assisted by a parent or guardian, it is accepted by implication that he or she has been authorised to sign the registration form. Fees are not refundable in cases of expulsion or suspension or if a student no longer attends lectures.

3.1.6 Particulars regarding dates of registration and other relevant information are posted/mailed to newcomer students and are also obtainable from Academic Administration.

3.1.7 The registration of students of the various academic departments takes place on different dates and campuses, and students must attend lectures on the dates determined by the heads of their respective academic departments, irrespective of whether or not their registration has been formally concluded. Official registration takes place at Academic Administration or at the official registration points. Enrolment at any academic department, the payment of class fees or the making of arrangements for the payment of class fees does not exempt a student from official registration.

The registration form contains all the modules/subjects for which a student may register for the period concerned, and no one will be admitted to register for a module/subject unless the Head of the Department concerned, or his or her delegate approves the student's choice of modules/subjects.

Please note that after the closing date for registration, no student will be allowed to attend classes if he or she is not formally registered and cannot produce proof of registration.

3.1.8 No student will be permitted to register at TUT for more than one (1) certificate, diploma or degree programme, simultaneously, in any given academic year or semester, without the permission of the Registrar, and no student may register at more than one (1) institution for tertiary education, simultaneously, without the permission of the Registrar. Such permission may be withdrawn by the Registrar on recommendation of the Head of the Department concerned, should the academic performance of the student not be satisfactory. A student who has obtained permission must familiarise him- or herself with all the relevant examination dates before registering at another tertiary education institution. Should the simultaneous registration result in the coinciding of examination dates, the student shall not be permitted to register for the subject(s)/module(s) concerned at the other institution. TUT shall neither consider nor accommodate any other examination date(s) for such subject(s)/module(s) if examination dates should coincide as a result of simultaneous registration. Registration for two (2) programmes, without the written approval of the Registrar, does not imply consent, and such registration may be cancelled.

3.1.9 No student will be permitted to register for a module/subject without having passed the relevant module/subject in the preceding year or semester, and/or the prerequisite subject(s)/module(s) for admission to that subject(s)/module(s). Registration for a module/subject or modules/subjects contrary to this rule does not imply that TUT condones such registration. Any inadmissible registration will be cancelled without prior notice, as soon as it is discovered. Should a module/subject credit be obtained by means of such inadmissible registration, the student concerned may lay no claim to such credit, and the Registrar has the right to cancel that credit. All class fees paid shall be forfeited in such a case.

- 3.1.10 When a student registers for a certificate, diploma, advanced diploma, postgraduate diploma or degree programme, such registration is subject to the rules in terms of which the curriculum concerned has been drawn up and approved by the Council on the recommendation of the Senate.
- 3.1.11 Should the rules in terms of which a curriculum has been drawn up be amended, students who commenced their studies under previous rules and who have not interrupted their studies, may, subject to the transitional provisions formulated or confirmed by the Council, complete their curriculum in terms of the former rules: provided that the TUT Council formulate transitional rules to enable such students to complete their studies within a reasonable period in terms of the former rules.
- 3.1.12 The TUT Council reserves the right to discontinue the offering of any approved programme at any time and to authorise the offering of any new, approved programme and any reviewed, approved programme, at any time.
- 3.1.13 A student must determine him- or herself whether the programme for which he or she has enrolled has been reviewed. If it has been reviewed, he or she should find out what the teach-out (phase-out) date is of the programme he or she is currently attending, and whether he or she would be able to meet all the requirements for graduation, in time – before the teach-out (phase-out) date.
- 3.1.14 A student who has registered for a certificate, diploma or degree programme and who fails to renew his or her registration for that programme in the following academic semester or year, or who fails a term of study, will be deemed to have interrupted his or her studies and will forfeit the right to complete his or her studies in terms of the former rules: provided that registration for Work-Integrated Learning for the academic term following the term in question be regarded as a renewal of his or her registration: provided further that the TUT Council, in exceptional cases, should permit such a student to continue his or her studies in terms of such conditions as may be determined by the Council.
- 3.1.15 If a student is unable to comply with all the requirements before the teach-out (phase-out) date, he or she has to change over to the reviewed programme and has to apply to Academic Administration for exemption from the applicable modules/subjects for which he or she has already obtained credit.
- 3.1.16 Subsequently, that student will have to meet the requirements he or she has not yet met in respect of the reviewed programme, in terms of the rules of the University.
- 3.1.17 If a student fails a module/subject and wishes to register for that module/subject again, he or she may do so only if the examination timetable can accommodate that combination of registered modules/subjects within the set period of examination without any examination dates for those modules/subjects coinciding.
- 3.1.18 TUT assumes no responsibility for any incorrect information in respect of any matter relating to registration supplied by anyone who has not been authorised to supply such information. All enquiries should be directed to Academic Administration.

3.2 LATE REGISTRATION

A student who does not register in the official period of registration will not be allowed to register in that particular semester or year.

Students who, for whatever reason, register after classes have commenced, may not lay claim to any concession regarding lectures, tests, etc. that took place before they registered.

3.3 PROOF OF REGISTRATION

It is the responsibility of each student to ensure that his or her registration has been carried out correctly and that he or she receives an official proof of registration.

All students are provided with proof of registration on conclusion of their registration.

Students must verify that the information given for proof of registration is correct before the end of registration period. All changes or corrections must be reported before the final, published registration date. Should a student fail to do so, cancellations and additions that follow after that date will not be considered.

3.4 INTERNATIONAL STUDENTS

International students may register at TUT if they are in possession of a valid study permit or a study visa. All other registration rules apply to all international students (refer to Chapter 17).

CHAPTER 4

EXAMINATION RULES AND REGULATIONS

4.1 STUDENT EXAMINATION RULES AND REGULATIONS

All the rules under rule 4.1 shall apply to distance education students, except where indicated otherwise.

4.1.1 INTRODUCTION

The examinations of the Tshwane University of Technology (TUT) are conducted in terms of the provisions of the Higher Education Act, 1997 (Act No. 101 of 1997), and the statutes of TUT, and according to TUT's rules and regulations, as approved by the Council and/or the Senate of TUT. Students who do not comply with these rules and regulations shall be subjected to disciplinary steps.

4.1.2 DEFINITIONS

In this chapter, unless otherwise indicated –

“Academic Core Calendar” means a published list of TUT academic activities and dates as approved by Senate.

“Assessment” is the systematic evaluation of a student's ability to demonstrate the achievement of the learning goals intended in a curriculum.

“Assessment records” means records of the results of all assessment opportunities. These shall include all official documentation affecting changes to the students' assessment results.

“Block examination” means the examination of block modules which are written outside the official TUT examination date.

“Disability” means the loss or elimination of opportunities to take part in the life of the community, equitably with others, that is encountered by persons having physical, sensory, psychological, developmental, learning, neurological or other impairments, which may be permanent, temporary or episodic in nature; thereby causing activity limitations and participation restriction within the mainstream society.

“Examination” means a component of the assessment that refers to the culmination of the summative assessment process when students/learners are subjected to a final sitting at the end of the learning process.

“Examination cycle” means the examination opportunities at the end of an academic period. Distance education programmes follow a different cycle.

“Examination mark” means the mark obtained by the student during an examination.

“Examination termination” means a series of assessment opportunities, which culminates in a predicate mark that allows admission into a final examination.

“Exit examination” means a final examination opportunity to a final-year student who requires a maximum of one module in order to obtain a qualification. Non-examination modules and Work-Integrated Learning (WIL) are excluded.

“Extenuating circumstances” means circumstances and situations that prevents or prohibits a student to participate in assessment such as illness or any deemed unavoidable activity/situation that can prevent student to participate in assessment. This needs to be ratified and validated by the head of academic department for tests and the Registrar’s environment for theoretical examinations. Proof of documents needs to be provided in cases of death of close family relatives amongst others.

“Final mark” means the total mark (predicate and examination marks) calculated according to a pre-determined formula (weighting) as published in the assessment plan that appears in the study guide. In the case of non-examination termination modules, the final mark is calculated according to the non-examination termination assessment model selected.

“Invigilator” means a person who supervises students during tests and examinations.

“Main examination” means the examination conducted at the end of an academic block/semester/year.

“Moderator” means a person, apart from the examiner, who is appointed by the institution to be responsible for ensuring the standard of the examination and its accompanying marking framework and response exemplars, and for marking a representative sample of examination responses.

“Module” means an independently defined learning unit, designed to result in a specific set of learning outcomes, and which is a component of a programme.

“Non-examination termination model” means an assessment strategy that comprises a series of assessment opportunities, which culminates in a final mark. A variety of models can be used depending on the purpose and outcomes of the module. Provisional to the chosen model, a predicate mark may not govern admission to the final integrated assessment opportunity. The final mark can be calculated by using the mark of only the final integrated assessment opportunity, or a combination of specific percentages of all the assessment opportunities and the final integrated assessment or an average of all the assessment opportunities. During the final integrated assessment opportunity, a student is required to undertake a summative, specified, academic task.

“Predicate” means the mark, earned by a registered student and expressed as a percentage, which comprises the total accumulated test and other marks. It governs admission to a final examination. (Predicate is indicated as “full period mark” on Integrated Tertiary Software (ITS))

“Predicate day” means the publication date of the predicate marks of students for notification, possible comments and/or corrections.

“Prospectus” means a formal, legal TUT publication containing statutory regulations and institutional rules regarding formal study at TUT, as well as information on programmes.

“Publication schedule” means the document that governs the examination publication related processes.

“Special examination” means an examination granted, subject to the approval of the Registrar or his/her designate, to a student or group of students who were absent during the main examination, due to illness and extenuating circumstances.

“Student” means a person registered as a student at TUT.

“Supplementary examination” means a subsequent examination opportunity following the main examination in a module or modules granted under certain conditions, as stipulated in this policy, to a student who failed the module or modules concerned during the preceding main examination. The supplementary examination usually takes place as soon as the main examination is completed.

“Test” means an assessment opportunity that is arranged by the lecturer and is (usually) conducted during lecture periods. Non-examination terminating modules will have tests as a major assessment technique. For the purpose of this policy, test can also refer to a performance, product or demonstrated skill.

“University” means the Tshwane University of Technology (TUT), as duly constituted in terms of the provisions of the Higher Education Act, 1997 (Act No. 101 of 1997), as amended.

4.2 SCHEDULING OF EXAMINATIONS

- 4.2.1 All assessments of learning at the University shall be conducted in terms of the Higher Education Act, 1997 (Act No. 101 of 1997) and the statutes of the University, and according to the rules and regulations, as approved by the Council and/or Senate.
- 4.2.2 A preliminary examination timetable will be distributed via the TUT website six (6) weeks prior to the examination for inputs. Students' enquiries must be directed to the academic department. Students will be notified (via a Short Message Service (SMS)/TUT Website) that the preliminary timetable is available for inputs.
- 4.2.3 Academic departments are responsible for compiling and publishing examination timetables for block modules. Such examination dates must be provided to the Registrar's environment at the start of the academic year.
- 4.2.4 The Registrar's environment is responsible for providing students with the correct examination information by publication of timetables on the TUT's website and issuing of personal timetables on request.
- 4.2.5 Only registered modules with examination admission are listed on the student's personal examination timetable. The student must have the minimum qualifying requirements of 40% predicate mark (excluding exceptions as approved by Senate) for admission to examination in any particular module.

4.2.6 Only the examination timetables published on the TUT's website, and the personal timetables issued to students by the Registrar's environment are considered as the official examination timetable of the University.

4.2.7 The Distance Education Department will post the personal student timetables to students at least two (2) weeks in advance and publish it on the TUT website. TUT will not be held liable for lost or undelivered individual student timetables.

4.2.8 TUT will not accept responsibility for incorrect information concerning examination arrangements provided by unauthorised persons.

4.2.9 It is the responsibility of the student to ensure that the information reflecting on his/her personal timetable is correct.

4.2.10 The final timetable is required to be published approximately four (4) weeks prior to the commencement of examinations. Students can collect their personal timetables as from the first day of predicate week from the Registrar's environment.

4.2.11 The examination date, session, venue, and predicate mark must be printed next to the module on each student's personal timetable.

4.2.12 Examination sessions will start according to the students' personal timetables. The first session will start at 08:45 and the second session will start at 13:45.

4.2.13 Students will not be allowed to enter the session more than half an hour after commencement and no student is allowed to leave the session before half an hour has passed.

4.2.14 Students must be seated 15 minutes before the session commences.

4.2.15 Employees are not authorised to furnish examination timetable information telephonically to students. Students can, however, view the final examination timetable on the TUT website.

4.2.16 Coinciding of examination dates and sessions (clashes):

4.2.16.1 TUT shall not take responsibility for the coinciding of examination dates and sessions due to the repeating of modules, although students shall be accommodated as far as possible.

4.2.16.2 TUT shall not accommodate cases where examination dates and sessions coincide as a result of a simultaneous registration for another qualification, or as a result of registration at another tertiary institution, or as a result of responsibilities placed on a student by, for example, an employer.

4.2.16.3 The following requirements shall apply if any examination dates and times of a student should coincide:

- The student has to notify the Registrar's environment at the campus concerned of the coinciding examination dates and sessions. He/she has to complete the required form in writing three (3) working days prior to the examination date concerned.
- Guidelines regarding clashing examinations must be provided to the students during the notification process.
- Cases of coinciding examinations shall be accommodated in a separate examination venue where students shall be kept under constant invigilation. Enquiries regarding the venue arrangements made to accommodate the coinciding of examinations must be made at the Registrar's environment early (08:00) in the morning before the examinations of the modules concerned are to be written.
- All modules concerned shall be written on the same day, although during different examination sessions.

4.2.17 Examination venue regulations:

4.2.17.1 Modules per session are scheduled according to available venues.

4.2.17.2 All examinations must be conducted at a venue determined by TUT, and a student must write examinations at the venue determined for the campus where he/she is registered.

4.2.18 The following rules are applicable to students with disabilities:

4.2.18.1 Students with disabilities (as defined in the Policy on Students with Disabilities and Special Needs), whether their condition is permanent or temporary, will be accommodated by means of additional arrangements, which may include the following:

- (a) Additional time;
- (b) Furnishing question papers in Braille or large print;
- (c) Special/separate venues and invigilators;
- (d) Oral examinations;
- (e) Amanuensis examinations; and
- (f) Special equipment (e.g. computer with screen reading software, where appropriate).

4.2.18.2 Application for disability classification must be submitted to the Directorate for Student Development and Support (SDS) well in advance, which identifies and evaluates students with permanent or temporary disabilities, when they apply for special arrangements.

4.2.18.3 SDS formally notifies the Registrar's environment of any recommendation one week prior to the commencement of the examination, whereupon that section makes the necessary arrangements.

4.2.18.4 Students with temporary disabilities (injuries, temporary impediments or disorders) report at the Registrar's environment, furnishing substantiation of such disability. The Registrar's environment will refer the student to SDS, for recommendations for reasonable accommodations.

4.2.18.5 The Registrar's environment scrutinises recommendations, as verified or formulated by SDS, and determines what special arrangements must be made.

4.2.18.6 The Registrar's environment arranges the examination event (venue, invigilator, question paper, etc.) and duly informs the student.

4.2.18.7 Where an amanuensis is used, or an oral assessment is conducted, the session has to be recorded. The recording has to be handed in to the Registrar's environment with the answer sheet. The recording could be accessed in case the student queries the marks or irregularities of the oral assessments.

4.2.19 Registration by a student for a module(s) in a specific academic term (semester, year or block) also constitutes registration for examinations, subject to all the applicable rules.

4.2.20 When repeating a module, any mark previously obtained for that module shall lapse.

4.2.21 Any student who has been expelled from TUT, and who is not (as a result of such expulsion) allowed on the campus of TUT, shall also not be allowed to write any examination.

4.2.22 The scheduling of an examination for a block offering module has to be included in the University's examination timetable in the year preceding the programme presentation or has to be furnished to the Registrar's environment at least four (4) weeks prior to the said examination.

4.3 WRITING OF EXAMINATIONS AT VENUES EXTERNAL TO THE UNIVERSITY

4.3.1 Applications to write at a venue external to the university must be submitted by the student at the Registrar's environment at least two (2) weeks (10 working days) prior to the examination date of the relevant module(s), making use of the authorised application form.

4.3.2 No arrangements will be made by the Registrar's environment unless:

- (a) Proof of payment of the prescribed fee to write elsewhere has been received; and
- (b) The correctly completed and authorised application form was received by the Registrar's environment.

4.3.3 Only in exceptional cases will students be accommodated to write examinations elsewhere than the campus where they are registered. No requests to write examinations elsewhere for the sake of convenience, for instance, closer to home, on holiday, etc., will be considered.

4.3.4 Proof of the reason for the request must accompany the application, for example, a statement from the employer.

4.3.5 An official individual examination timetable must accompany the application.

4.3.6 An additional cost that may be charged by another institution or examination center will be the student's responsibility, such as invigilation, courier, telephone and rental of venue costs.

4.3.7 Examination results will be withheld if the student does not comply with the instructions on the application form to write elsewhere and with the examination rules and regulations of TUT.

4.3.8 Only the main examination can be written at an external venue. It is the student's responsibility to check his/her results in time to determine if he/she qualifies for a supplementary examination and to make the necessary travel, accommodation, etc. arrangements to write the supplementary examination on the campus where registered.

4.3.9 TUT shall not assume any responsibility for incorrect information about examination arrangements that has been supplied by means other than the Registrar's environment.

4.3.10 Although TUT handles the receipt, distribution and safekeeping of all examination documents and material carefully and responsibly, the institution does not assume any liability for the loss or destruction of, or damage to such examination documents or material. Should the loss or destruction of any examination material prevent the evaluation of the student's examination performance, TUT reserves the right to request the student to undergo a supplementary examination.

4.3.11 All parties need to take note of the potential risks involved in this process due to time differences between countries, the courier or mailing services and possible electronic problems.

4.3.12 The dates and times of all examinations written in other countries must correspond with the dates and times of the examinations that are written in South Africa.

4.4 MAIN, SUPPLEMENTARY, SPECIAL AND EXIT EXAMINATIONS

4.4.1 The following are applicable to examination terminating assessments:

4.4.1.1 There are three (3) examination opportunities in an examination cycle, namely main examination, supplementary examination and special/exit examination.

4.4.1.2 All examinations must be equivalent in length, standard level and content scope.

4.4.1.3 All examinations must be conducted at a venue determined by TUT, and a student must write examinations at the venue determined for the campus where he/she is registered.

4.4.1.4 The academic department is responsible for the quality assurance of all marked scripts and the authentication of marks before the capturing of marks.

4.4.1.5 Any student who has been expelled from TUT, and who is not, as a result of such expulsion, allowed on the campus of the University, must also not be allowed to write any examination.

4.4.1.6 Any student whose class and/or residence fees have not been paid in full, or who has any other debts at TUT, is allowed to write the examination, but his or her results must not be published until the full outstanding amount has been settled. Such students must, however, be informed if they qualify for a supplementary examination.

4.4.1.7 Any changes to the minimum pass requirements must be approved by Senate.

The student will retain the marks for the question paper(s) that was/were written.
- 4.4.4.8 A student may, notwithstanding the above-mentioned provisions, submit a written appeal to the Registrar's environment for consideration, after the application fee has been paid, if that student is of the opinion that his/her case has merit and should be taken into consideration. This appeal must be submitted to the Registrar's environment within five (5) working days of the date of the examination the student had been unable to write on account of the specific circumstances.

4.5.1.5 Students are allowed five (5) working days after the official publication of the predicate marks to appeal to the HoD or the lecturer concerned, if they are of the opinion that their published marks are incorrect. The HoD or relevant lecturer will adjust and compute the marks on the ITS system within the five-day period and issue the student with proof of the changes.

4.5.1.6 A predicate mark of at least 40% is required for admission to the final examination. The predicate mark will contribute 50% to the final mark and the examination will contribute 50% to the final mark.

- 4.5.5.1 A student may, subject to the payment of the prescribed fee according to the approved tariff list, have his or her examination scripts for all theoretical examinations re-marked by the moderator at all levels of all modules. In the event where a student requests a re-mark and the script has been moderated already, the moderator must not conduct the re-mark. The HoD must assign the task to another qualified appointed person.
- 4.5.5.2 An application for re-marking an examination script is required to reach the Registrar's environment before the published closing date for examination enquiries.
- 4.5.5.3 If there are any changes in the results of the student, the prescribed fee according to the approved tariff list must be refunded and the changed marks will be updated. The mark attained by the student upon remark must be the standing mark. Whether it is lower or higher than the original mark, the final mark must be placed on record and published.
- 4.5.5.4 A supplementary examination will only be granted once a re-mark has been done and only if the student qualifies for a supplementary examination.
- 4.5.5.5 Where the results of the re-mark are too late to allow the student to write during the official supplementary examination period, the first available special/exit examination opportunity will serve as the supplementary examination.
- 4.5.5.6 If the external moderator is not available (for exit level modules), the HoD must assign the task to an independent external third party.

CHAPTER 5

WORK-INTEGRATED LEARNING

- 5.1 When Work-Integrated Learning (WIL) is a requirement for a programme, a student shall register for WIL on the set date on the required form and pay the fixed registration fee (see Part 9 of the Prospectus). Students who register for WIL only shall pay the full amount on registration but they are not liable for SRC or extracurricular levies.
- 5.2 A student may only register for WIL after his or her proposed registration has been approved by the Head of the Academic Department concerned.
- 5.3 A student must provide proof of placement before registration; under conditions where he or she cannot find placement within the prescribed dates, such a student will be allowed to register late and will be exempted from late registration penalties.
- 5.4 A student must complete all prescribed WIL periods to the satisfaction of the Senate.
- 5.5 All prescribed compulsory and chosen instructional offerings, as well as the WIL component, must be passed in order to obtain sufficient credits to qualify for the qualification concerned.
- 5.6 A student shall register for every period of WIL.
- 5.7 In instances where the University functions as a place of learning and a place of work, e.g. clinics and/or centres owned by the University and managed by the same academic department that offers the WIL modality (particularly in the cases of work-based learning and service learning), the role and responsibilities of the University and/or academic department as a place of learning is clearly distinguished from the University as a place of work.
- 5.8 Students may be given exemption for a maximum of one (1) semester (i.e. six (6) months) of WIL completed prior to formal instruction, subject to the following conditions:
 - 5.8.1 The WIL shall immediately precede the formal instruction.
 - 5.8.2 A student shall comply with set admission requirements, and he or she shall be evaluated for the programme concerned before registration.

- 5.10 Dates for WIL registration will be according to the dates stipulated by the Registrar.
- 5.11 The University may not claim subsidy for WIL modules/subjects. All WIL modules/subjects must be indicated with a non-subsidy code on the qualification and learning programme database.
- 5.12 Simultaneous registration of WIL with day class instructional offerings may only occur after approval of the relevant head of the academic department, and if it does not interfere with his or her WIL period.

5.13 Should a student not have made satisfactory academic progress, in the opinion of the Head of the Department and in terms of Chapter 2, the Senate may, on the recommendation of the Head of the Department, refuse such student permission to register as a student at the University.

If, however, such a student requires only one or two modules/subjects to complete the qualification but cannot attend classes because it is/they are not offered in the specific academic period, and that student has access to an approved WIL provider, he or she will be allowed to register for the WIL.

Please note that the Senate has delegated its powers in executing this rule to the Deputy Vice-Chancellor: Teaching, Learning and Technology.

6.3 RULES

6.3.1 Credits for an incomplete qualification may be recognised by the same or a different institution as meeting part of the requirements for the same or a different qualification. The contents of the two (2) module/subjects should overlap at least 70% and the assessment contents should coincide in all cases. Such requests for exemptions must be recommended by the head of the department and approved by the FCTL.

6.3.2 Only applications from admitted TUT students will be considered for CAT.

6.3.3 A student must apply for CAT on the prescribed form and in accordance with the rules and procedures for processing CAT applications.

6.3.4 CAT shall be considered on the basis of individual modules/subjects.

6.3.5 Successes attained in more than one (1) module/subject may be combined for CAT in respect of obtaining credit in one (1) module/subject only.

6.3.6 NQF levels of the corresponding module/subject at Tshwane University of Technology and the module/subject presented for CAT will be considered during decision making. CAT, in respect of a module/subject, may not be granted on the basis of a module/subject that has been passed on a lower level, unless 70% of the contents of the two modules/subjects overlap, and assessment contents coincide. This refers to the relevant spread of cognitive levels, namely remember, understand, apply, analyse, evaluate and create – depending on the level of the module/subject.

6.3.7 There must be at least a 70% overlap in cognitive levels and content between the syllabi of the module/subject passed and the corresponding TUT module/subject.

6.3.8 CAT of a module/subject may only be used once for the issuing of a qualification.

6.3.9 Successes attained more than five (5) years before the student's first registration for the qualification concerned, will not be considered by the FCTL and may follow the Recognition of Prior Learning (RPL) process. Individual cases will, however, be considered on merit, if there is at least a 70% overlap in cognitive levels and content between the syllabi of the subject/module passed.

6.3.10 A student who has passed modules/subjects at a recognised higher education institution other than the Tshwane University of Technology, may obtain exemption for a maximum of 50% of the credits of the modules/subjects, including 50% of the credits of the exit-level modules/subjects that are required for the qualification for which he or she wishes to enroll, provided that those modules/subjects meet the requirements contained in the regulations for CAT. These exemptions are only applicable for complete qualifications.

6.3.11 A student who has passed modules/subjects at the Tshwane University of Technology may, in the case of an unfinished qualification obtain recognition once only for all the applicable modules/subjects. The student shall forfeit such subjects/modules as credits for the original qualification.

6.3.12 A maximum of 50% of the credits of a completed qualification may be transferred to another qualification, provided also that no more than 50% of the credits required for the other qualification are credits that have been used for a completed qualification.

6.3.13 Applications for CAT must be accompanied by an official academic record and certificate of conduct, as well as the syllabi of the higher education institution where the credits were obtained.

6.3.14 The prescribed, non-refundable exemption administration fee must be paid prior to the submission of an application for exemption.

6.3.15 Recognition of modules/subjects is free of charge. An exemption fee is payable per module/subject for all approved module/subject exemptions.

6.3.16 CAT shall only be considered in respect of successes obtained at the South African public higher education institutions, private providers and TVET Colleges registered with the Department of Higher Education and Training (DHET). The recognised qualifications and institutions are listed in the register for private higher education institutions, available on www.dhet.gov.za.

6.3.17 Credits obtained at a foreign or international institution will only be considered if the student passed corresponding modules/subjects at an institution that is accredited and listed in the International Handbook of Universities and/or Commonwealth Universities Yearbook.

6.3.18 The qualification and institution must have been accredited at the time that the module/subject offered for CAT, was obtained.

6.3.19 Learning based on experience and learning acquired in non-accredited qualifications and/or institutions, as well as on subsidised certificate qualifications, can only be converted to credits by means of RPL and are not dealt with in this policy.

- 6.3.20 Standard recognition of modules/subjects should be included in the phase-out plan of a qualification that will be replaced by a new qualification, which will serve at the Senate Committee for Teaching and Learning (SCTL) for approval.
- 6.3.21 Credits can only be transferred if they form part of the curriculum of the qualification for which the student has been enrolled.
- 6.3.22 Credits obtained from studies that do not lead to a full qualification (for example, non-degree studies comprising modules or courses that are part of a programme which normally leads to qualifications registered on the HEQSF) will be considered for credit accumulation and transfer mechanism towards relevant TUT qualifications.
- 6.3.23 Short learning programmes offered outside the HEQSF are non-credit bearing and, thus, individuals who register for and attend such short learning programmes are not awarded credits against any level on the National Qualification Framework (NQF). This means no credit will be accumulated and/or transferred from such short courses. However, the learning acquired counts for RPL.
- 6.3.24 Credits cannot be transferred to more than one qualification within the Tshwane University of Technology. Credits may not be duplicated.
- 6.3.25 Credits will not be considered for phased-out qualifications, i.e. that can no longer be issued, and that have not been replaced by any new qualifications.
- 6.3.26 CAT cannot be obtained for a mini-dissertation, dissertation or thesis.
- 6.3.27 **Work-Integrated Learning**
 - 6.3.27.1 CAT, on the grounds of completed WIL, may be granted for a maximum of one (1) WIL registration period. If a qualification consists of only one (1) WIL registration period, no CAT will be considered.
 - 6.3.27.2 Exemption from WIL shall be considered only if such learning had been completed in the service of an accredited employer, as approved by the relevant academic department.
 - 6.3.27.3 A student who did WIL at an employer while he or she was a registered student at another public institution for higher education, may obtain CAT for the WIL, subject to the provisions of the CAT rules, and subject to the permission of the head of the academic department.
 - 6.3.28 CAT that was approved and issued erroneously by TUT shall not be valid and shall be withdrawn. Any documents issued to the student shall be returned to the University on request.

8.9 PASS REQUIREMENTS

8.9.1 A student will pass a module/subject that has been set for a postgraduate programme, such as Bachelor of Honours, Postgraduate Diploma and Structured Master's degree by obtaining a pass mark, or a final mark of 50% or more for that module/subject, subject to the provisions of the rules in Chapter 4 and by obtaining a final mark of 50% or more for a module/subject with its own alphabetical numerical code, subject to the provisions that he or she obtains the required subminimum of 40% in the assessment, or according to faculty specifications for the structured master's degrees.

8.9.2 A student will pass a module/subject with distinction by obtaining a final mark of at least 75% in that module/subject. This implies that each separate module should also have been passed with a mark of at least 75% (refer to Chapter 4).

8.9.3 Students must obtain a pass mark in a research report, dissertation or thesis.

8.9.4 The format of a dissertation or thesis must be according to the guidelines, the language must be edited, and it must be compiled and produced in accordance with the guidelines contained in the publication *Guidelines for the preparation of dissertations and theses*.

8.11 CESSION OF COPYRIGHT AND PUBLICATION OF DISSERTATION OR THESIS

The copyright on a dissertation or thesis that is submitted to TUT in fulfilment or partial fulfilment of the requirements for a master's degree or doctorate shall vest in the University, irrespective of whether such dissertation or thesis is accepted or not.

(a) The copyright should therefore be ceded. On registration, it is pointed out to the student that, on signing the form (PGS010), the entire copyright is ceded to TUT, unless if, in exceptional circumstances, exemption from cession of copyright is applied for and granted. Fully substantiated reasons must be submitted with applications for exemption.

If a dissertation or thesis is not accepted, the student may apply to the University for the ceding of copyright back to him or her.

(b) No dissertation or thesis or any part thereof, including any summary of the dissertation or any part thereof, shall be printed or published without the permission of the Registrar. Such permission may be granted, subject to –

8.12.2 The Executive Dean of the Faculty and the relevant Head of the Department will decide on the merit of an additional assessment option. Where an additional assessment is introduced, no further assessments will be conducted after the calculation of a new fixed mark.

CHAPTER 9

ISSUING OF CERTIFICATES, DIPLOMAS AND DEGREES

9.1 A certificate, diploma or degree will be issued to a student who meets the requirements for obtaining such a qualification. A qualification means a formal recognition and certification of learning achievements awarded by an accredited provider. It also signifies and formally certifies the demonstrated achievement by a student of a planned and purposeful combination of learning outcomes at a specified level of performance.

9.2 Certificates, diplomas and degrees will only be conferred on the dates of the University's official graduation ceremonies. Candidates who cannot attend these graduation ceremonies may collect their certificates with proof of identification, and if all the fees are paid after the date of the ceremony.

9.3 Original qualification certificates **will not** be reissued to students in cases where the original documents have been lost, damaged or destroyed. Only a duplicate qualification statement will be issued.

9.4 Qualifications are conferred *cum laude* in the following cases:

To obtain a qualification *cum laude*, the average mark for all modules/subjects, including exit-level modules/subjects, or the final mark for dissertation or mini-dissertation, must add up to 75%.

- (i) If a student passes all the set modules/subjects in the first examination. A student may not fail an examination in any modules/subjects at any level in the programme of his or her studies in respect of a qualification. An aegrotat or special examination is also seen as a first examination if it is the student's first attempt to pass the modules/subjects.
- (ii) If a student passes a qualification with the option of modules/subjects with an average of at least 75% for all required modules/subjects, as well as an average of at least 75% for the required modules/subjects at exit level.
- (iii) If, in respect of a qualification with the option of a dissertation, such as a magister technologiae, master's degree or a master's degree (Professional) a student obtains a final mark of at least 75% for the dissertation.
- (iv) If, in respect of an option with modules/subjects and a mini-dissertation, such as a magister technologiae, master's degree or a master's degree (Professional) a student obtains an average mark of at least 75% for all the required modules/subjects, as well as a final mark of at least 75% for the mini-dissertation.

9.5 A doctor technologiae, doctoral degree or a doctoral degree (Professional) is not awarded with distinction. A student's results are published as "pass" or "fail".

9.6 A certificate, diploma, degree, examination result or academic report issued erroneously by the University is not valid and must be returned to the University.

9.7 Any person who forges a certificate, diploma, degree or statement issued by the University, or submits any forged documents to the University, is guilty of misconduct.

9.8 Only the Registrar may issue a letter confirming that a student meets all the requirements of a certificate, diploma or degree.

9.9 A candidate will be entitled to all the privileges associated with the qualification only after it has been officially awarded at a graduation ceremony of the University.

9.10 A qualification certificate will be issued only in the name(s) and surname of the student as indicated on the admission documentation pertaining to the qualification awarded.

9.11 A candidate who has complied with the academic requirements for the issuing of a qualification and has outstanding fees will be invited to the graduation ceremony, but -

- the certificate will be withheld;
- the academic record will be blocked by the Certification Management Office; and
- no qualification verification will be done for external stakeholders.

9.12 **CLOSING DATES FOR GRADUATION CEREMONIES:**

9.12.1 Closing date for Autumn graduation ceremonies: 28 February.

9.12.2 Closing date for Spring graduation ceremonies: 31 August.

9.13 A candidate who has complied with the academic requirements for the issuing of a qualification before the teach-out (phase-out) date but failed to graduate due to outstanding admission documents or any unforeseen circumstances shall submit an application for the issuing of such a qualification to the Certification Management Office. The application shall be forwarded to the relevant faculty for consideration and referred to Senate for approval.

A phased-out qualification can still be issued on condition that the programme is still accredited and actively registered on the NQF by SAQA. It remains the responsibility of the student to familiarise him- or herself with the phased out-dates of the qualification as well as NQF registration as supplied by TUT.

A candidate who failed to comply with the academic requirements for the issuing of a qualification before the teach-out (phase-out) date due to poor academic performance or interruption of studies will forfeit the right to complete his or her studies in terms of the rules of the teach-out (phase-out) qualification. The student will be transferred over to the reviewed programme on condition he or she complies with all the admission requirements of the reviewed programme. The student also has to apply for exemption of the applicable modules/subjects' credits.

CHAPTER 10

MEDIUM OF INSTRUCTION

10.1 It is the policy of the Tshwane University of Technology (TUT) to use English as the primary language of teaching, instruction, communication and documentation.

CHAPTER 11

CONTAGIOUS DISEASES

11.1 In terms of section 45 of the Health Act, 1977 (Act No. 63 of 1977), the medical conditions below are notifiable. The Tshwane University of Technology (TUT) must therefore be informed in writing of such medical conditions without delay.

- Acute rheumatic fever
- Anthrax
- Brucellosis
- Cholera
- Congenital syphilis
- Diphtheria
- Food poisoning (outbreaks of more than four persons)

- Haemorrhagic fevers of Africa (Congo fever, Dengue fever, Ebola fever, Lassa fever, Marburg fever, Rift Valley fever)
- Lead poisoning
- Legionellosis
- Leprosy
- Malaria
- Measles
- Meningococcal infections
- Paratyphoid fever
- Plague
- Poisoning from any agricultural or stock remedy registered in terms of the Fertilisers, Farm Feeds, Agricultural Remedies and Stock Remedies Act, 1947 (Act No. 36 of 1947)
- Poliomyelitis
- Rabies (specify whether human case or human contact)
- Rubella
- Smallpox and any smallpox-like disease, excluding chickenpox
- Tetanus
- Tetanus neonatorum
- Trachoma
- Tuberculosis B
 - (i) Pulmonary and other forms, except cases diagnosed solely on the basis of clinical signs and symptoms.
 - (ii) In the case of any child younger than five (5) years with a significant reaction following tuberculin testing.
- Typhoid fever
- Typhus fever (epidemic louse-borne typhus fever, endemic flea-borne typhus fever)
- Viral hepatitis A, B, non-A, non-B and undifferentiated
- Yellow fever

If a student suspects that he or she has a contagious or an infectious disease that may be transmitted to other people, and should he or she participate in any TUT activities, for example (without any limitations), accommodation in TUT residences, sitting for examinations or tests, or participation in TUT projects, sport or recreational activities, he or she must obtain medical advice and/or undergo the required treatment without delay.

Should such medical advice entail that the student has to withdraw from any or all TUT activities, he or she must act accordingly.

Should such a student fail to withdraw from the activity or activities in question, he or she must exempt TUT from any liability of any kind whatsoever, whether directly or indirectly, for the consequences of his or her failing to do so.

Should a student have suffered from a contagious or an infectious disease, or have been in contact with any person suffering from such disease, the student must submit a medical certificate to the Registrar, containing confirmation that the student may return to TUT without there being any danger of him or her infecting other students.

CHAPTER 12

ATTENDANCE OF LECTURES

12.1 RULES

12.1.1 All TUT students are expected to attend and participate in contact and online classes, complete the assigned reading and writing assignments, complete assigned projects and practicals, and write all required assessments.

12.1.2 Regular class attendance and participation is the responsibility of each student, and it is expected that all TUT students shall attend and participate in classes for all their registered modules. Any student who fails to attend at least 80% of scheduled contact or online classes and/or fails to participate in at least 80% of monitored class activities, will be refused examination admission or admission to the summative assessment for the module concerned.

12.1.3 A student who (for whatever reason) cannot attend and participate in at least 80% of scheduled contact or online classes or activities of a particular module may apply to the academic Head of Department or Section Head for exemption. Such applications should be submitted prior to the closing date of registration so that a student can deregister a module, should exemption not be granted.

12.1.4 While the lecturers should seek, to the greatest extent possible, to make class attendance and participation requirements known to students, it is the responsibility of each student to be aware of and comply with the class attendance and participation requirements for each and every **module** he or she is registered for.

12.1.5 If there is proof of non-compliance with the class attendance and participation requirements, the Tshwane University of Technology reserves the right to refuse such a student examination admission or admission to summative assessments. If a student failed to get admission to the examination or the summative assessment as a result of non-compliance with the class attendance requirements, such student shall still be liable for full class fees.

12.1.6 Any absence, excused or unexcused, prevents students from getting the full benefit of the **module** and meeting the notional hours required to obtain module credits. To obtain the number of notional hours, the HEQSF-aligned module credits are multiplied by a factor of 10, i.e. 10 credits require at least 100 notional hours.

12.1.7 An absence, with or without an excuse, does not relieve a student of any **module** requirements. An excused absence is limited to absence related to medical conditions, family emergencies (such as funerals) and official university activities.

12.1.8 An excused absence related to medical conditions and family emergencies (such as funerals) must be supported by documentation to be presented to the lecturer prior to the student's absence or within two (2) working days upon the student's return to class. Appropriate supporting documentation should be provided for family emergencies.

12.1.9 In the case of official University activities, the apology must be submitted with the supporting documentation prior to the event.

12.1.10 In the event of illness or injury resulting in absence of more than two (2) consecutive days or class sessions, a medical certificate will be required. However, TUT reserves the right to demand a medical certificate at any time.

12.1.11 In all instances, it is the student's responsibility to request permission for absence from contact or online classes and to discuss how the absence will affect his or her ability to meet the **module** requirements. While the lecturers should seek, to the greatest extent possible, to be consistent with **module** requirements, to make reasonable accommodation for absence with acceptable excuse, students should recognise that not every module can accommodate absences, and neither will the absence relieve them from meeting module requirements.

12.1.12 If a student fails to comply with the class attendance and/or participation requirements, he or she will not qualify to write the exam or summative assessment regardless of the marks achieved in the module. A student who is of the opinion that the penalty received following violation of class attendance or participation requirements is not appropriate may, after consultation with the lecturer, appeal in writing to the academic Head of Department or Section Head at least three (3) days before the writing of the exam or summative assessment, and finally, to the Dean.

12.1.13 To be fair to all students, monitoring of class attendance and participation will commence upon the closing date of registration, but it does not mean that class attendance and participation prior to the registration date is not important.

- 17.2.3 International students must contact the South African Qualifications Authority (SAQA) beforehand to have their qualifications evaluated.
- 17.2.4 If an international applicant who had previously registered as a student at a tertiary institution outside the Republic of South Africa, discontinued his or her studies at that institution before obtaining the diploma or degree he or she had registered for, he or she must, before registering at TUT, submit an original academic record of such studies, a certificate of conduct issued by the Registrar of that institution, and a certificate of evaluation from SAQA.

- 17.2.8 No international student shall be allowed to study at TUT unless he or she is in possession of a study permit issued by the Department of Home Affairs. If a student has been admitted to TUT, it does not imply that he or she will automatically receive a study permit, and it is therefore imperative that a prospective international student await the outcome of his or her application for a study permit before he or she approaches TUT to register formally.
- 17.2.9 Only after an international student has complied with all the requirements of the Government for entering South Africa and has been issued with the necessary authorisation (study permit), may he or she formally register at TUT.

CHAPTER 28

THE OFFICE OF THE STUDENT OMBUDSMAN FOR ACADEMIC COMPLAINTS

28.1 THE PURPOSE OF THE OFFICE OF THE STUDENT OMBUDSMAN

The Office of the Student Ombudsman provides registered TUT students with a service for addressing any academic complaints they might have. The main purpose of this service is to offer advocacy, counselling and support to students with regard to all teaching-, learning- and assessment- and supervision related problems the students experience.

The role of the Student Ombudsman is one of a 'last resort'. That is, the Ombudsman will intervene in a complaint only when all responsible academic line management and other avenues for resolving the matter have been exhausted.

28.2 DEFINITIONS

In this chapter unless otherwise indicated –

28.2.1 **"academic complaint"** refers to any complaint that students may have with regard to teaching, learning, research, academic support and postgraduate supervision;

28.2.2 **"academic line management"** refers to the area of the University or member (s) of staff responsible for delivering service or conducting the process about which the complaint is made. These include lecturers, programme coordinators, heads of departments, executive deans, DVC: Teaching, Learning and Technology (DVC: TLT) and DVC: Postgraduate Studies, Research and Innovation (DVC: PRI);

28.2.3 **"complainant"** refers to a person making a complaint;

28.2.4 **"formal complaint"** refers to a written complaint, signed by the complainant and addressed to any responsible manager;

- Disciplinary measures taken against a student for whatever reason in another environment (refer to Chapter 15).
- Academic exclusions on the basis of unsatisfactory academic progress.
- Non-academic complaints by members of staff who are also students at TUT (refer to TUT Human Resources policy on grievances).
- Complaints about accommodation and residences (refer to policy or regulations guiding practices and processes in the Student Affairs and Extracurricular Development (SAED) environment).
- Complaints about enrolment and registration processes. Such complaints should be directed to Academic Administration.

28.4 PROCEDURES FOR LODGING A COMPLAINT AND REPORTING MECHANISMS

28.4.1 A student with a complaint shall personally contact the office of the Student Ombudsman at the Directorate of Quality Promotion or may be accompanied by a class representative or a member of the Student Representative Council (SRC).

28.4.2 The complainant shall ensure that he or she has tried to resolve the matter with all other stakeholders such as the lecturer concerned, head of academic department, Executive Dean of the Faculty or whoever in the environment the complaint emanates from.

28.4.3 The office of the Student Ombudsman shall only investigate the complaint when the complainant has provided evidence that all relevant academic departments and faculty complaints management processes have been exhausted and the complaint was not resolved satisfactorily.

28.4.4 The Ombudsman shall then assess the merit of the case whether it warrants to be investigated or be referred elsewhere.

28.4.5 The complaint shall be dismissed if the Student Ombudsman is of the opinion that:

- (a) The complaint is vexatious.
- (b) The complaint is a fake and riddled with all sorts of lies.
- (c) The incidence occurred at too remote a time to warrant inquiry.
- (d) There exists an alternative and satisfactory means of addressing the complaint within the University. In such a case, the Student Ombudsman may give advice to a complainant as to other internal avenues for addressing the matter concerned.

- (e) If the complainant is subject to a disciplinary hearing or appeal processes within the University, the Student Ombudsman shall proceed no further inquiring into the complaint until the hearing or appeal has been finalised.

- (g) The student does not have any documentary evidence such as scripts, assignments or written communiqué between him or her with the implicated persons to substantiate his or her allegations.

28.4.6 Where a complaint warrants further investigation, the steps outlined below shall be followed.

28.4.7 The student lodging a complaint shall be required to:

- (a) put in writing the nature of the complaint and all other internal processes that he or she has exhausted before approaching the Office of the Student Ombudsman; and
- (b) fill in a complaint form; indicating, amongst others, the following information:
 - the student's personal, academic and contact details, preferably a working TUT4life e-mail address;
 - whether the student tried to resolve the matter with any other structure such as the lecturer concerned, Head of the Department or the Departmental Administrator;
 - a narrative of the "actual" nature of the complaint;
 - how he or she would like the problem to be solved; and
 - any supporting documentation that shall serve as evidence, e.g. test scripts, study guides, assignments and projects.

28.4.8 If a student requests to be anonymous due to a possibility of victimisation and/or other negative consequences for the student, the Student Ombudsman may commence with an inquiry without the matter being handled at local level first.

28.4.9 Upon completion of a complaint form, the Student Ombudsman shall start investigating the case.

28.4.10 Upon completion of the investigation, the complainant shall be provided with feedback.

28.4.11 The complainant shall timeously inform the Student Ombudsman whether the verdict of the Ombudsman is implemented or not, so that the Ombudsman can be in a position to monitor and evaluate the implementation of the recommendations and verdict.

28.5 HOW TO CONTACT THE STUDENT OMBUDSMAN

31.2.4 Protest actions may only be held on the University premises provided there is permission from Management.

31.2.5 If a person protests, he or she has to follow the rules of the Public Gathering Act, 1993 (Act No. 205 of 1993) and other laws of South Africa.

31.2.6 There are a number of locations that protestors will not be permitted to occupy under any circumstances. Any occupation of those sites will result in immediate notification of trespass, a warning to leave and subsequent removal if the protestors neglect or refuse to do so. These include, but are not limited to, the following types of locations:

- Laboratories, dangerous sites or sites where dangerous goods are stored;
- Individual staff offices;
- Sites where communication and/or information technology services are controlled;

31.3 PROCEDURES

31.3.1 Notice of Intent and Authorisation.

31.3.1.1 Students planning to hold a protest action should submit a three (3) working days' written notice of intent to the University management specifying the time, place and manner of the demonstration along with a general plan for protest action. The notice should be signed and contain the names, addresses and telephone numbers of the protest leaders of the protest action.

31.3.1.2 The notice of intent does not imply an approval process, but rather a consultative process that promotes the rights and responsibilities of the students and University.

31.3.1.3 Upon notification of a protest, the University management will provide the protest leaders with a copy of this policy and consult with them to establish reasonable parameters of time, place, and manner in which the protest action may take place. The University reserves the authority to protect the rights and safety of the community and not authorise the event.

31.3.1.4 The protest action may only take place after a formal written permission has been granted by management. Permission may not be unreasonably withheld. In order to determine whether the decision of management to withhold the permission is reasonable, the University management will take the following factors into account:

- The number of protesters taking part;
- The area designated for the protest action;
- The proposed movement of people participating in the protest action;
- The proposal by the SRC to exercise control over the protest action; and
- The conduct of protesters.

31.3.1.5 The University authorities will appoint a person or persons to liaise between the University and protestors. The protest leaders would be asked to similarly nominate a liaison person or persons. The purpose of a liaison person is to enable avenues of communication during the protest and to negotiate in good faith a resolution to the situation.

- Involvement of Police and other external parties by TUT.
- The University authorities will endeavour to resolve protests without involving the South African Police Service (SAPS) and/or other relevant external parties.
- However, the Vice-Chancellor or his/her delegate reserves the right to invite the Police on to University property for any reason, and particularly when any of the prohibited activities arise.
- Campus Protection Services (CPS) are to enforce any and all relevant policies and Legislation, report and record any and all transgressions and liaise with Student Judiciary in the event of policy and legislative breaches during and after protest actions.

31.5 BREACHES OF THE CHAPTER

31.5.1 Breaches of this chapter by students are actionable under **rule 15.12.2**. Where a student's conduct during a protest action constitutes misconduct, university authorities may take disciplinary action against the student.
